IN. GILBERT has opened an office in Washington city, where he will give his prompt attention to all those who will favor him with the agency to sell farms in Virginia, Maryland, or the District of Columbia. Having followed farming heretofore, and being a northerner by birth, he can appreciate the wants of such as come from the North for the purpose of locating farms in this vicinity. He has the agency to sell a goodly number of farms in Virginia, and those coming from the North would do well to call, before purchasing, at his residence on Pennsylvania avenue, first square west of the Capitol Gate.

GEORGETOWN AND ITS AFFAIRS.

GEORGETOWN, August 16-12 m. Truly in the midst of life we are in death. Yesterday afternoon, about sunset, Dr. William Sothoron, one of our oldest and most influential citizens, died suddenly. He had been for some time subject to sudden and severe attacks of the asthma, of which it is supposed he died. He appeared to be, up to a late hour of the day, in the enjoyment of good health, and spent the afternoon in walking about town with a friend. He returned to his home about sunset; and, as was his custom, he took a bath, and was immediately attacked. A colored girl who was present ran, immediately, next door for help; but, before it reached him, life had departed.

No man enjoyed to a greater degree the confidence and esteem of our citizens than Dr. Sothoron. His gentlemanly deportment in all the relations of life won involuntary respect, and his chief delight appeared to be derived from benefitting others; and he died, I have no doubt, without an enemy. His death will be mourned by hundreds of the poor of our town and surrounding country, who received regularly the benefit of his skilful practice free of charge.

Many of our citizens who went to the campmeeting have returned home, and all say that it was a pleasant and profitable meeting-nothing occurring the whole time to disturb the peace and harmony of any who went.

Our market this morning was filled with everything necessary to supply the wants of the inner man: Best cuts beef, 10 cents per lb.; mutton, 6@8c. do; hams 12½c. do; pork, 10c. do; lard, 12½c. do; butter, 20@25c. do; lamb, 371@75c. per quarter; eggs, 121 per dozen. The License Law. MESSRS. EDITORS: I am one of the petitioners to our municipal legislature to grant the right to the majority to permit or probibit the sale of alcohol, as a beverage, in certain localities; and I am of opinion that some of the friends of the measure have mistaken the wishes of the petitioners. We think that our Councils cannot, consistently with the rights of their constituents, public opinion, the principles pervading all our republican institutions, and the progressive improvement of the age, refuse the reasonable request of the petitioners to be restored to their rights, and to have the power to say that such a nuisance as a grog-shop shall not be located on the square on which we reside. Would the Councils entertain, for a mo-ment, a proposition to license any thing else so greatly detrimental to the happiness, health, and peace of the community? Would one advocate be found in the Councils to sell for a price the rights of the majority, in any thing else similar in its evil effects? or to give to six freeholders power over the rights of all the residents on a square, so far as to fix the greatest evil and nuisance on them against their will? If the bill lately before the Councils was defec tive they ought to have amended it. By indefinitely postponing it they have shown a want of for their constituents' rights. The have mistaken public opinion. It is not the fanatics (temperance men proper) only who wish a modification of the license law. THE WORLD CANNOT PRODUCE STRONGEL EVIDENCE THAN THIS, kindly handed to us by J STOCKBRIDGE, esq., of the Fountain Hotel, Light street, a gentleman extensively and favorably known. The writer of the letter, Captain Canot, is the brother of the cele brated Physician to Louis Napoleon, President of the French Republic. Numbers of our most respectable citizens will give equally strong testimony in favor of HAMPTON'S VEGETABLE TINCTURE. It is a certain cure for Dyspepsia, Scrofula, Liver Complaint, &c., and all diseases from impure blood.

Baltimore, June 4, 1851.

Mr. Stockbridge of the Fountain Hotel, Light street, Baltimore.

DEAR SIR: Being on the point of leaving the city, I avail myself of a few idle moments to thank you kindly for the medicine you sent me, and which has restored me to the use of my limbs. I beg you to send me four hotties more, to carry on my voyage. Since I had the for-tune to use Dr. Hampton's Vegetable Tincture my confi-dence is so strong that, in gratitude to the proprietors of said medicine, I beg you to present my respects to them, and induce them to make it more publicly known as a sure Rheumatic cure. Having called on me on the 19th of April last, and seen me prostrated on my bed, useless of April inst, and seen me prostrated on my bed, useress in all my limbs, you can appreciate nearly as well as my-self the prompt relief I received from Dr. Hampton's Tincture, and I am positive had it not been for your strong and forcible recommendations I should still have been in bed.

It is really a pity this specific should not be approved to the strength men and like all nearly against the old suffer.

by medical men, and like all patent drugs it should suffer the inputation the public generally give to such prepara-tions. I myself, who was always opposed to a patented specific, took this medicine with reductance, and without confidence in it, and it was only through your disinterest-ed, friendly recommendations, and my critical situation, that induced me to try this really beneficial Vegetable Tincture.

Tincture.

You may inform Messrs. Mortimer & Mowbray that they are at like-ty to make stee or my name in the comport of the good effects of Dr. Hampton's Vegetable Timeture, as it has cured me, in five weeks, of a chronic Inflammatory Rheumatism, contracted under tropical climates, and of seven years' periodical duration. I have only used three bottles, and find that even the deformed parts of my hands are fast returning to their former natural superance.

appearance.

I have been under the treatment of several physician I have been under the treatment of several physicians in London and Paris, without any apparent benefit; also, while in New York, having tried the Thompsonian and Homespathie remedies, after having been formented with galvanic batteries, cold and aromatic baths, and hundreds of internal and external medicines, all to ne effect. I am, so far, cured by this Hampton's Vegetable Tincture only. Therefore, my dear sir, accept of the assurance of my gratitude, and believe me your well-wisher.

WONDERFUL CURE OF HEREDITARY SCROFULA!
This certificate is from the pen of a gentleman whose name appears on the journal of Congress—one who is extensively and favorably known:
It affords me pleasure to state that Dr. Jesse Hampton's Tincture has effected a most extraordinary cure of my slave boy Albert. The patient was three years old, and had the Scrofula—(his father is scrofulous.) The boy was a moving mass of sores from head to foot; the upper lids of the eyes were much swollen, and turned inside out, exhibiting horrible mattering ulcers, that protruded over the sye-ball so as to produce blindness. It is strange, yet true, this child—that I felt resigned to see die as a relief from suffering—has been restored to health under the treatment of Dr. Hampton.

BLACKWOOD'S MAGAZINE, BRITISH QUARTERLY REVIEWS.

BRITISH QUARTERLY REVIEWS.

OWING to the lat-revolutions and counter-revolutions among the na-ions of Europe, which have followed each other in such quick succession, and of which "the pad is not yet," the isading periodicals of Great Britain have become invested with a degree of interest hitherto unknown. They occupy a middle ground between the hasty, disjointed, and necessarily imperfect records of the newspapers, and the elaborate and ponderous treaties to be furnished by the historian at a future day. Who ever reads these periodicals obtains a correct and connected account of all the important political events of the Old World, as they occur, and learns the various conclusions drawn from them by the leading spirits of the age. The American publishers therefore deem it proper to call renewed attention to the works they publish, and the very low prices at which they are offered to subscribers. The following is their list, viz:

THE LONDON QUARTERLY REVIEW,
THE NORTH BEITISH INVIEW,
THE NORTH BEITISH INVIEW,
THE NORTH BEITISH INVIEW,
THE WESTMINSTER REVIEW, and
BLACKWOOD'S EDINBURGH MAGAZINE.

In these periodicals are contained the views, moderately though clearly and firmly expressed, of the three greatest parties in England—Tory, Whig, and Radical; "Blackwood" and the "London Quarterly" are Tory, the "Edinburgh Review" Whig, and the "Westminster Review" Liberal. The "North British Review" owes its establishment to the last great ecclesisatical movement in Scotland, and is not ultra in its views on any one of the grand departments of human knowledge. It was originally edited by Dr. Chalmers, and now, since his death, is conducted by his son-in-law, Dr. Hanna, associated with Sir David Brewster. Its literary character is of the very highest order. The "Westminster," though reprinted under that title only, is published in England under the title of the foreign Quarterly and Westminster," it being in fact a union of the two Reviews formerly published and reprinted under separate titles. It bas, therefore, the advantage, by this combination, of uniting in one work the best features of both, as heretofore issued.

The above Periodicals are reprinted in New York, immediately on their arrival by the British steamers, in a beau-

Amherst College, Dec. 25, 1848.

Mr. Robert Sears—Dear Sir: I have looked over the entire series of your valuable publications with much interest and profit; and am quite surprised at the amount of literary labor you have performed, and the research it must have cost you to obtain so many fine illustrations, while you have an active superintendence of an extensive business. I am also gratified at the decidedly moral and religious influence which your books will exert, and cannot but hope that they will do much to counteract the effects of that light and immoral literature which deluges the land, and, like the frogs of Egypt, comes up even to the kneading troughs of our kitchens. May you live long to follow your plans.

We beg to announce to the public that we have entered into connexion with the heaviest transportation house on the Isthmus, who are bound to us to transport our goods from Chagres to Panama, in advance of all other expresses, and having made arrangements with the U. S. Mail and all other steamers on the Pacific, for the carriage of our goods, we are prepared to guarantee their delivery in San Francisco within a specified time.

In addition to the superior qualities of the line, for the transaction of Merchandise, its manifest advantages over the U. S. Mail and all other competitors, in the transportation of letters and parcels between the Pacific and Atlantic States, are well known and already generally appreciated by the public. The value of a necreantile letter, delivered by us three or four days in advance of all other competition, being properly estimated.

We have also established agencies in GUAYAQUIL, CALLAO, and VALPARAISO, for which ports, and other cities on the South American coast, we are prepared to receive LETTERS and PARCELS, which will be promptly despatched to their destination by our agent in Panama. The mail for South American is made up but once a month.
